PROFESSIONAL SUMMARY

Python Developer with hands-on training in **Python Full Stack Development** and practical experience building backend web applications using **Python, Django, Django ORM, SQL, and MySQL**. Skilled in MVT architecture, CRUD operations, authentication, authorization, session management, and relational database design. Developed a role-based Bug Tracking System with multiple user workflows, database-driven features, and Git-based version control.

TECHNICAL SKILLS

Languages: Python, SQL

Backend: Django, Django ORM, MVT Architecture, CRUD, Authentication, Authorization, Session Management

Databases: MySQL, SQLite, Relational Database Design

API: Django REST Framework – Fundamentals

Web: HTML5, CSS3, JavaScript – Fundamentals

Tools: Git, GitHub, VS Code

PROJECTS

Bug Tracking System | *Python, Django, MySQL, HTML, CSS, JavaScript*

[GitHub](#)

- Developed a **role-based bug tracking web application** using Python, Django, and MySQL supporting Admin, Manager, Developer, and Tester workflows.
- Designed relational database models for **projects, teams, team members, bugs, bug history, and comments** using Django ORM and ForeignKey relationships.
- Implemented the complete bug lifecycle: **Open → Assigned → In Progress → Resolved → Verified → Closed** with role-based workflow permissions.
- Implemented **authentication and session-based access control**, password hashing, project filtering, and role-aware data visibility.
- Added bug assignment, priority management, screenshot uploads, status history, comments, and Kanban-style dashboard views.

TECHNICAL TRAINING

Python Full Stack Development

Beetalogic Software Solution

- Completed practical training in **Python, Django, SQL, MySQL, HTML, CSS, JavaScript, Git, and GitHub**.
- Applied backend development, database management, authentication, CRUD operations, and Django ORM concepts through hands-on project development.

EDUCATION

Gobi Arts and Science College

2022 – 2025

Bachelor of Science (B.Sc.) in Physics

Gobichettipalayam, Tamil Nadu

Diamond Jubilee Higher Secondary School

2021 – 2022

Higher Secondary – Computer Science

Tamil Nadu

COLLEGE PROJECT

VMR Smart Stick | *Sensor-Based Project*

2025

- Developed a sensor-based smart stick designed to assist users by detecting obstacles in their surroundings.
- Presented the project at a **College-Level Project Expo**, demonstrating practical application of sensors and logical control mechanisms.

PROFESSIONAL SKILLS

Problem Solving | Logical Thinking | Debugging | Team Collaboration | Communication | Time Management
